DAILY TRIBUNE.
CITY OF CHICAGO.
TUESDAY MORNING, MARCH 13, 1855.

GOOD NEWS FOR ILLINOIS!

Our delightful expedition this morning encounters good news for Illinois in another direction than Gov. Matteson has interested in obtaining full sympathy from the north of Mason-Trail, south of Hankins, to save the State from ruin by reason of duty failure. Also, that the unwanted evil fields from them sufficient with it, but but previously been permitted by the Legislature, to pay the Jubilee interest on the State debt.

Gov. Matteson is the candidate of the Democracy. They are learned in history, and of the letter, which have made the religious liberty, and permit free Protestant worship, to be wrong, and that they should be repealed. They do not believe in the principles laid by public opinion of the Northern States, and consequence, and the children of such persons as bastards. They revive the Jesuit's Catechism to be taught in the public schools of this country with Protestants. They don't break up our Common School System—a system essential to individual and national liberty—and in put in its place schools which teach the doctrines and practices of the Church of Rome and Portugal, and Spain, where the political power of the Pope is the State. Elected with, and Protestant is permitted to be Governor of Illinois, and President of the U. S. should he die then,—because it is assumed his body would be carried off from these Catholic Priests and votes!—They will in their hearts applaud and encourage any mob, as Louisville, in Boston and Philadelphia, and approve of our Protestant institutions. To give power to those who do not from education sympathize with the principles of our Government, and who are not to be trusted with it, is political madness. Gov. Matteson is politically altogether in their creed, and therefore will commend to and to their ex-pupils and supporters, and as purposed by his instructions.

THE NEW ASYLUM AT ELGIN.

The Gazette Tribune is not pleased with the location of this city, favoring such the situation at Jacksonville. The Courier and the Advertiser are pleased with the location at Elgin, and the Democrat is the Northern Democracy, is considering the result of the election, and the fact that the people on Wednesday was headed by a band of Chinese Democrats.

The Gazette could only have seen through the intense cupidity of the Know Nothings, in the case of the Governor's message to the Legislature, and now the old Hunker crowd follow, with the Gazette in the lead, in the same line of conduct. Democrats! You are simply now a mere appendage of a party which has ruled the country for the last four years, and which has ruled it for the benefit of a few, and to the detriment of the many. Have you ever heard for the immediate relief of Kansas? Have you ever heard of the Democratic party of Illinois ever taking any action in favor of the Kansas settlers

LOCAL MATTERS

THE GROG TRADE AND RIOTS.

The gang-selling and pauper-making traffic is to be stopped in Chicago—that is as certain a fact—and three or four hundred buildings, now occupied for the deadly trade, will be "To Rent."

We have long witnessed the misery of many families and dwellers, who have been receiving customers rents, are in great trepidation lest the profitable business should seriously affect their revenues. We doubt not their fears are well founded, and, if realized to the fullest extent, they will not receive a particle of sympathy from the public. A large portion of the criminal depredations of society proceeds, directly or indirectly, from the low dens and groggeries of the city, have been compelled for drinking and gambling saloons, and paid rents which would have made merchants shudder at, for long as such good customers were to be found, the owners let the shanties stand, and had not the least disposition to remove them and erect buildings that would be profitable to them.

We notice that this condition of things is to last no longer than the first of July. Then the Prohibitory Liquor Law is to go into effect, and the pest-breeding and pauper-making business will be expunged from our city. Landlords and tenants of the buildings occupied for rum-selling may take warning and act accordingly.

Dreadful Accident.

We are pained to record the death by accident of yesterday, of George A. Mason. Mr. Mason, of the Illinois Central R. R. Young Mason left this city on yesterday morning for Rockford, and when near that place, while looking out of the window of the car his head struck against a post near the track, instantly killing him. He was a young man of twenty years of age, and of high promise.

His body was brought in, last night, on a special train.

ADAMS STREET.

An audience that filled about two-thirds of Plymouth Church, attended to hear a lecture from Gen. Fuller in relation to Cuba. Gen. Fuller, who is ever forward in such matters, occupied the chair.

The lecture was principally in reference to the political condition of Kansas, and the duties of the stockholders, the agent of the Southern Press, the manner in which the Slaveholder carried the last election, and the measures which were now necessary to be taken to secure Free State documents. The lecture was very interesting, and the meeting adjourned till this evening at the same place, to hear another lecture from Col. S. C. Wilson, in the geographical character of Kansas, and to hear reports of committee. A committee of five consisting of Rev. G. Goodwin, T. Hoyt, jr., O. B. Scott, G. G. Slater, and Dexter Gale, was appointed to obtain funds for aiding the Kansas Free State League in circulating documents.

The Churches and Lecture Courses.

Our next article on this subject will be published to-morrow, and will relate to Mr. Dimmick and the Spanish Church of St. Augustus. It will be no less interesting than its predecessors. Some striking additions to the list of lecture courses will be announced.

Shocking Accident.

A daughter, Jane—Additionality of Colonel Terry.

Grocery.

The Court of Common Pleas was occupied during the greater part of yesterday in the trial of a cause of long standing, viz.: It was an action of trespass brought by John Wisner against Messrs. Gage & Brother, proprietors of the Tremont House, for damages resulting from the refusal of the former shop in their House, under a written lease, by the terms of which he engaged to keep the same neat and clean in every respect. In February of which the proprietors reserved the right to shut him. It was given in evidence that Wisner failed to keep this portion of the contract; that the shop was suffered to be and remain in a very unsightly condition, and that the guests at the house were annoyed and disgusted at the filthy appearance of the shop; that the defendants, after repeated notices to Wisner to keep the former of his agreement, had declared the lease terminated by its own terms and taken possession of the shop. For the use of the plaintiff in the suit, and upon the damages sustained.

In the progress of the case, Lewis Isbell, a well-known colored citizen of this place, was examined as a witness, and his testimony received, although the laws of Illinois exclude the testimony of colored persons. Verdict for plaintiff, $450.

The case was conducted by Messrs. Mather and Frink for plaintiff, and Messrs. Arnold and Larned for defendants.

CITY MORTALITY.

The mortality of the city during the month of February has been as follows:

South Division,	43
North "	35
West "	23
Not stated,	2
Total,	103

The number of deaths in January last, was 112. In December, 1852, 105. The deaths in the month of February for the last four years have been as follows:

1852	1853	1854	1855
42	53	66	103

Amusements this Evening.

Theatre, Dearborn St., near Randolph. Mr. Craddock appears as "Richlieu." Farce, Boots at the Swan.

John Hogan, George White, John Daniel, Fidelio Brantley and Bridget Miller, drunk and disorderly; fined $5.00 each.

We would call attention to the sale of furniture at No. 30 Rush Place, by T. A. Mitchell & Co., on this day, at 10 o'clock this morning.

Accident from Burning Fluid.

A Mrs. Wells, residing on Green St., in the West Division, was so seriously burned by an accident caused by the use of burning fluid, on Friday night last, that her life is despaired of. It is a painful and melancholy occident.

Searching for Rumsellers.

Smith's Criminal Code is one of the latest lawbooks invented, and a personal test of its quality satisfies those members of our household best qualified to judge, that it is good article. In fact, that it is glutted for it. The ingredients are a sweet, but no lye or grease to wet, and sufficient for a hors'ed soap can be procured for $1 25. The process, too, is very simple, requiring only a few minutes labor to complete the manufacture. Besides its making it may be obtained of Mr. Charles L. Kerrill, No. 12 or 20, 107 North Clark street, and of S. Sawyer 103 Lake street. The price of the receipt is only $1 50.

Dr. Frost, late of nature's Egyptian Consul, for mending broken glass, China, stone, marble, &c., is again in the city, delighting this excellent article among the benefactions. The most spoken for itself.

For the Chicago Daily Tribune.

Messrs. Editors:—Some registered fellow has taken vent for his lamentations in the *Press* of this morning, and bewails his sad fate in consequence of having his ticket to the Lecture of the Young Men's Association, and therefore up our responsibles by informing us that he and his family were obliged to stand up on the wrong side of the "last seed," until those who were more fortunate, or more timely, were seated.

Now, this case deserves immediate attention. Cannot the Relief Society give this sufferer other knowledge some seat? He has paid his "ten dollars," and surely he is entitled to a seat. He went any "Library," he never goes to the Reading Room, "but he wants some "privileges," such as being on the popular side of the "last seed," when he can draw their "highness" to him to that exalted "privilege." Why does not Mr. "One who has its Interests at Heart," come out with blackboard and let us know where we can find him, so that the Relief Society can find full scope for their benevolent work? But alas! true merit is always modest. We like the suggestion of this sufferer that knowledge under Mutual Community, of getting up on each "last seed" fellow, rises, and of electing it to, and then if Rush does not get the monument, our aggrieved friend who never gets in the Reading Room will then not want any Library, nor any "type" should.

Council.

The City Council met last evening as usual. A quorum was present, and Mayor Milliken took the chair.

The Council Chamber presented a most glorious appearance, there being an gas, and a dozen candles shed their feeble glimmer over the room.

After the reading of the journal, Jas. O'Connell, Special Collector of Western Division, said in his resignation, which was accepted.

The usual routine of business was transacted. Mr. Church from the special committee appointed on the case of the man arrested in woman's clothes examining wives, and who had been fined $10, made a report, recommending the reduction of the fine to $5. Carried.

The Committee on the Court House Bell reported the substance of the subject to the new Council. Agreed to.

(Here the gas was turned on and the candles put out.)

The proposed Ordinances in regard to trains of railroad cars coming into the city, was referred to the Incoming Council.

Mr. Evans offered the following resolution: Ordered, That Messrs. John King, E. Wood and A. Aiken, having received the largest number of votes at the recent election, be and are hereby declared to be Police Magistrates of the city of Chicago.

The resolution was discussed at length.

Mr. Sidney moved to amend by changing the word "magistrate" to "Justice."

A proposition was made that Mr. Maurice and Mr. Frink, who were present, should address the Council on the subject; but many anxious glances were cast at the clock, and objection being made, the proposition was dropped.

The previous question was called by Mr. Williams, and carried.

The main question, (Mr. Evans' order) was then put and carried by the following vote.

Ayes—E. B. Williams, Evans, Ira D. Bronson, J. H. Gray, Wm. L. Church, R. H. Foss, J. C. Gilbert, W. H. Stanton, J. D. Ward, Wm. Warman, B. W. Thomas.—11.

Nays—A. D. Taylor, Elias Granger, M. L. Kreis.—3.

Mr. Church offered a resolution complimentary to Mayor Milliken, as President of the Council, for the able, impartial and effective manner in which he had discharged the duties of that post, which was unanimously passed.

Adjourned till 2 P. M. on Tuesday.

FUEL.

Messrs. Editors:—I see an article in this morning's TRIBUNE calling the attention of the public to the impositions practiced by the dealers in, upon the purchasers of, that article, by a set of unprincipled fellows who supply most of the Hay Markets in the city. I can testify to the truth of the just remarks made by a "Sufferer" in the article referred to.

There is one other contemptible imposition practiced upon the people of Chicago in the sale of wood. It is my own experience to discover that the cord wood sold in this city is not cord measure long instead of four feet, but in selling it in cords of four feet long that it is sometimes purchased by city dealers, and sold off by the load for what is called a cord. This is not all, the same game of deception is played in the loading of the load of wood that is practiced in loading hay; more on the surface and less in the middle. The loads are got up to make them appear as large as possible, and in such a shape as to deceive the judgment of the eyes, and appear more than they really are. In the case of wood, the length of wood into consideration, and the middle of which the purchaser gets but little more than half a cord for what is supposed to be for a load of wood. The price of fuel, and the quality of their just economy in wood is not confined wholly to the consumer; the same system is practiced more or less in many wood yards in the city.

The wealthy portion of the people can bear comfortably under the present administration of the imposition referred to, but the poor, hard working mechanic and laborer, ought to be protected, at least in weight and measure, at the present prices he is obliged to pay for fuel, as well as every other source for the support of a family.

It is hoped that under the new administration of city government, the system of public scandalous impositions and plundering practiced upon the people of this city will perish together, and receive the early attention of the new Council; and that the ordinances of the city be put in force, if there are any, and if not, that new laws be passed that will be effectual.

A RESIDENT.

Chicago, March 9, 1855.

For the Chicago Tribune.

CHICAGO FEMALE SEMINARY.

The pupils of this flourishing institution gave a soiree, on last Friday evening. The occasion will long be remembered by those present, as one of the most pleasant gatherings of the sex ever. We would that such social gatherings were more frequent; all would be made better by them. About nine o'clock we repaired to the refreshment rooms, Rev. G. W. Perkins asked God to bless the little children, and returned thanks for all the blessings we enjoy. The tables were absolutely supplied with the good things of life, and were as tastefully and neatly arranged as any we ever looked upon.

Old-a memories were stirred within us, as we gazed upon the magnificent of departed years, by which we were surrounded.

It is perhaps well known that Mrs. E. Burritt Sawyer, is an own sister to John Burritt, the celebrated scientific and philanthropic author of the "Geography of the Heavens." The globes which he used are now in use in the Seminary; and the indomitable energy and perseverance which made the name of Burritt a "Household word," took to England and America, has made this Seminary one of the permanent institutions of the city. We rejoice in its prosperity for the facilities it affords to those who desire a thorough, complete education. Such a seminary is an honor to the city, and while it remains under its present able principal, eastern people who come to Illinois, will have the assurance that the proper means of completing the education of their children can be found here, equal in extent and qualification to any in New England.

We also notice the name of Miss Emma E. Burritt, a daughter of the Astronomer and sister of the learned Black-smith, in the board of teachers. Miss Burritt is a graduate of Mount Holyoke Seminary, Mass., and is favorably known as a teacher. In two years Illinois will be behind us in the Union, in furnishing the means of a complete education for the class of females who settle within her borders every year.

Insidious Assault.

A brutal and ruffianly attack was made upon the person of John Webster, one of our city hackmen, on last Saturday night, about 12 o'clock. Mr. Webster had been exchanging the compliments by his boat, and was returning to his home, when he was assaulted on the corner of Clinton and West Randolph Sts., by one or more who he could not recognize. He was knocked down, and so severely beaten about the head and face, by what he thinks must be some deadly, fatal blow, that he probably received 12 or 15 cuts, and he was unable to make resistance and was thought to be dying. He will, however, probably recover. The ruffian has not yet been discovered, and Mr. Webster is at a loss to account for the cause of the outrage.

We need not ask where were the Police? for they might have all been standing in their Assigned posts, and never have known a thing, or any assistance to this case. We want alarg. of one more efficient police force.

Subject: None.

The Rev. Dr. Fuller of Cincinnati, will preach every evening this week, commencing this evening, at the 1st Presbyterian Church.

FUNERAL OF HILL FOOLE—GOV. MATTESON AND THE 97 TH AGENT.

New York, March 12.

The funeral of Wm. Foole for conferred worthing of the blind men in this city for years. The procession extended about three miles, consisting chiefly of clergymen and from one to two miles and nearly one hundred carriages. Broadway was lined by a dense mass of people and every passing point of advantage opposite the hotel had its occupants and feeling, before and after the funeral were solemn. The procession was headed by Dodsworth's band of 50 musicians. The various chaplains of the Order of United American were next in full force. This was a proper one and everything seemed to make this one of the grandest and most appropriate processions ever witnessed. The coffin was shrouded in the American flag. On last words of the deceased I die a true American." The remains were taken to Greenwood for interment.

The power of the steamer Roanoke from Norfolk, Saturday p. m., arrived here this a. m. and a party owing the steamer Illinois going into Norfolk as he was coming out. The Illinois is safely due at this port with Nevada down to the 10th.

Gov. Matteson, of Illinois, now in this city has received full security for the amount of bonds and surplus funds, and also sufficient amount of the interest fund in the hands of the late Auditor at the time of their failure, to enable the Treasurer of State with which to pay the interest required by the Legislature to pay the January interest-leaving to the balance of W. S. S. a sum to pay the next July interest is paid. The balance of the interest fund in the hands of W. S. S is simply reserved to the law by the passing of the bill. Arrangements have been made with the Assistant Treasurer at New York to act as transfer agent for the State of Illinois.

Connecticut Kerrigan, of the Fifth Ward, and Policeman Lohman were this morning arraigned before on a charge of aiding Baker, the murderer of Bill Poole, to escape from the city.

The assembly Star of the West sailed for San Juan de Nicaragua to-day, with a full complement of California passengers.

It is stated that the murderer of Poole was going off to-day privately, in a vessel bound for the Canary Islands and the authorities issued directions to prevent it.
